Burden Sharing Partnership in Relation to DEFRA’s Requirements to Control Emissions from Crematoria.

Tunbridge Wells Borough Council is seeking interest from other Cremation Authorities wishing to benefit from a Burden Sharing Partnership.

Through its operation of the Kent & Sussex Crematorium, the council is achieving 100% abatement across circa 2100 cremations each year and is therefore in a position to provide one or more unabated crematoria up to 50% of these in exchange for payment.

Such an arrangement will ideally be for a minimum of 12 months or longer where required, with this and the unit cost subject to negotiation.

Expressions of interest and any enquiries should be sent by e-mail to Ken.Dry@Tunbridgewells.gov.uk or by post to the Crematorium Office, Kent & Sussex Crematorium, Benhall Mill Road, Royal Tunbridge Wells, Kent, TN2 5JJ, by 4th August 2014.
