Directors' Statement

The directors present the summary financial statement of the company for the year ended 31 March 2018.

The summary financial statement is only a summary of the information in the Company's financial statements, as the detailed income and expenditure accounts of each section, as detailed on page 5, have not been reproduced in the summary financial statement. The summary financial statement contains additional information derived from the Directors' Report and does not contain the full text of the Directors' Report. The summary financial statement does not contain sufficient information to allow as full an understanding of the results and state of affairs of the company, and of its policies, as would be provided by the full annual financial statements. Members who would like more detailed information may obtain a copy of the full financial statements, free of charge, by writing to the Company Secretary at the registered office address. Members who wish to receive the full financial statements in future years should also write to the Company Secretary, at the registered office address.

Principal activity

The principal activity of the company in the year under review was that of promoting the improvement of cemeteries and crematoria and of public services for the disposal of the deceased, and the management and administration thereof, to diffuse information upon matters relating thereto, to protect the interests of persons employed in connection with the administration of cemeteries and crematoria, to encourage the study of related technical matters and to provide lectures, course and conferences.

The company is a non profit making organisation.

Business review

2017/2018 saw the appointment of a new Technical Officer for ICCM to meet member needs, a deputy Chief Executive was also appointed in early 2017 who then commenced the full-time role on the retirement of the previous post holder. The number of both Professional and Corporate members continued to increase on previous years suggesting the importance of ICCM to reach the industry.

In March a highly successful joint organisation seminar was held on multiple aspects of interest to the industry with like minded professional bodies in the funeral industry – the Federation of Burial and Cremation Authorities, the Association of Private Crematoria and Cemeteries and the Cremation Society of Great Britain.

The modernisation of the ICCM diploma to the new Pearson (formerly Edexcel) standards were completed and candidate numbers continue to be high for the modernised units and the new units on the syllabus. A large number of students also attended a very well organised and delivered Education Seminar.

Our training partnership with the Society of Local Council Clerks (SLCC) continued throughout the year with the numbers of parish clerks enrolled rising again.

The board is as ever indebted to Orthometals for combining with us, the bereaved that give consent and the staff at the scheme crematoria for making the recycling of metals scheme such a success. The scheme passed a total of £5 million to good causes.

Institute of Cemetery and Crematorium Management

The annual Learning Convention and Exhibition once again was held at Oxford and this proved popular and accessible with members. Directors were pleased that so many members take advantage of Convention.

In closing it should be noted that the year was a very busy one for the Institute thanks to you the members for our support. The board is determined to maintain standards of its accredited qualifications and initiatives that help to raise your profile.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Institute of Cemetery and Crematorium Management

Notes to the Summary Financial Statement

for the Year Ended 31 March 2018

1. Statutory Information

Institute of Cemetery and Crematorium Management is a company limited by guarantee, registered in England and Wales. The company's registered number and registered office address can be found on the Company information page.

The presentation currency of the financial statements is the Pound Sterling (£).

2. Accounting policies applied to the full financial statements

(a) Basis of preparing the financial statements

The financial statements have been prepared under the historical cost convention and in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the companies Act 2006. The financial statements incorporate the results of the principal activity which is described in the Report of the Directors and which is continuing.

In the opinion of the directors, a profit and loss account drawn up in compliance with Schedule 1 of SI 2008/409 would not provide a true and fair view of the company's affairs. Advantage has, therefore, been taken of the provisions of Section 396(5) of the Companies Act 2006.

(b) Income

Income is recognised in the period in which it is invoiced or received.

Membership fees are recognised as income in the year of admission.

Training and course income is deferred where the course has not taken place by the year end.

All income for the year is attributable to the principal activity of the company, and arises entirely in the United Kingdom.

(c) Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation.

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life:

Computer equipment -	33.33% straight line
Fixtures and fittings -	15% on written down value
Plant and machinery -	15% on written down value

Institute of Cemetery and Crematorium Management

Notes to the Summary Financial Statement

for the Year Ended 31 March 2018
(continued)

(d) Taxation

Taxation for the period comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

(e) Deferred tax

Deferred tax is recognised in respect of all material timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the period end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

(f) Operating leases

Rentals under operating leases are charged to the profit and loss account on a straight line basis over the lease term.

(g) Debtors and creditors

Debtors and creditors with no stated interest rate and receivable or payable within one year are recorded at transaction price.

3. Employees and Directors

The average number of employees during the period was 13.
