Dear Andrea

Thank you so much for forwarding the cheque for £5,000 raised by the ICCM Recycling of Metals Scheme. Our thanks also go to whoever nominated us to be the local recipient. It seems appropriate that money which has been raised through the goodwill of bereaved families should be used to support some of those very families.

As we have to raise all of our funding ourselves, we are very grateful all donations. Currently, we provide free bereavement support and information to bereaved adults in the Lincoln area. This donation will now enable us to start a service for children and young people as it will cover the costs of training and supervising volunteers, plus the expense of providing the service free to clients for the next two years.

Thank you once again from everyone at Lincoln Cruse.

Yours sincerely

Sue Firth  
Branch Secretary & Administrator
