Our Ref: CS/TP

Dear Friends

On behalf of everyone at Nightingale House Hospice, I would like to thank you for the donation of £4,337.00 raised from your Recycling of Metals Scheme, I know we have received donations from this scheme in previous years. It was kind of you to think of us in this way again and your continued support is very much appreciated.

In 2016 it will cost £2.8 million to run the Hospice - this equates to more than £7,700 per day. Only 22% of this comes from the Local Health Board, which is only enough funding to support the Hospice for 79 days, we therefore greatly rely on the generosity of the communities we serve to raise the additional funding for the remaining 286 days of the year.

Last year, across all our services, we treated 5742 patients and supported their families and carers. We are very grateful for your donations, especially as it helps us to continue to provide these services to the local community.

Once again, thank you so much for thinking of us.

With very best wishes,

Caroline Siddall
Income Generation Director
Nightingale House Hospice
