Dear Trevor,

We have received a donation of £4,337.00 from Lyndon Elsey at the Swansea Crematorium and I personally wanted to say a huge thank you to everyone involved in processing these funds.

Thanks to wonderful businesses like yours, our bereavement counsellors will be able to help people cope with the shock of diagnosis, the strain of treatment or the loss of a loved one.

Your support also means that our nurses will be at the end of our free Support Line, 365 days a year to talk to anyone affected by cancer. They'll be there every day to offer information, support and practical advice.

Thank you for helping us support cancer patients and their loved ones in your community.

With very best wishes,

Emily Wells
