Dear Mr Robson,

On behalf of the North of England Children's Cancer Research fund, I would like to thank you very much indeed for the donation of £5,000.00 raised through the ICCM Recycling of Metals Scheme which was handed to us from Durham Crematorium.

The funds raised will go directly towards supporting the important work being undertaken in the NECCR research laboratories in Newcastle into the causes, prevention and treatment of cancer in children. Whilst good progress is being made, we need to continue with this work until a cure is found for all children affected by this disease and we rely on generous donations, such as this one, to enable us to do this.

Thank you once again.

Yours Sincerely,

PS Janet Price
