Fire Safety Law

A Practical Guide for Leaseholders,
Building-Owners and Conveyancers

V. Charles Ward

Fire Safety Law provides building-owners, managers, individual leaseholders, mortgage-lenders, landlords, and anyone involved in the purchase or sale of a flat situated within a multi-occupied block, with practical, yet comprehensive and well-researched information regarding the subject of fire safety and the associated responsibilities, obligations and rights. V. Charles Ward addresses in practical legal terms: the responsibilities on building-owners to ensure that buildings are fire-safe for people who are living, working, or visiting those buildings and what protections are available to leaseholders faced with the costs of making their buildings fire-safe.
